UNIQUE VARIETAL PUMPKINS

Phone: 209-982-5248 • www.VGandSons.com

New for 2023!!

We can't get enough Boos this fall season! For that reason, we have added this sweet little, white pumpkin to our mix. Our new White Pie Pumpkin is the perfect size for mantles, tables and bookshelves!

Chic Color Changer

Our ***NEW*** Mini Asian Heirloom Mix is the first of its kind in our product lineup. Once picked, this baseball–softball size pumpkin will start with a greenish/bluish color and change into a beautiful dusty mauve. Build a beautiful *dynamic* table-top fall display with this little gem.

Warted Wonders

We have 2 “warted” varieties that seem to capture all of the attention. Our **Knucklehead Pumpkins** are similar in size to a medium-large pumpkin but their green and orange warts would never allow you to mistake the two. The **Warty Minion** are the little brother to these closer in size to a pie pumpkin but no less intriguing.
